FLORIDA TITLE XIX INPATIENT HOSPITAL

REIMBURSEMENT PLAN

VERSION XXV

EFFECTIVE DATE: _____

I. Cost Finding and Cost Reporting

- A. Each hospital participating in the Florida Medicaid Hospital Program shall submit a cost report postmarked no later than 5 calendar months after the close of its cost reporting year. A hospital filing a certified cost report that has been audited by the independent auditors of the hospital shall be given a 30-day extension if the Agency for Health Care Administration (AHCA) is notified in writing that a certified report is being filed. The hospital cost reporting year adopted for the purpose of this plan shall be the same as that for Title XVIII or Title V cost reporting, if applicable. A complete legible copy of the cost report shall be submitted to the Medicare intermediary and to AHCA, Bureau of Medicaid Program Analysis, Cost Reimbursement.
- B. Cost reports available to AHCA as of March 31, 1990, shall be used to initiate this plan.
- C. All hospitals are required to detail their costs for their entire reporting year making appropriate adjustments as required by this plan for determination of allowable costs. New hospitals shall adhere to requirements of Section 2414.1, Provider Reimbursement Manual, CMS PUB. 15-1, as incorporated by reference in Rule 59G-6.010, Florida Administrative Code (F.A.C.) A prospective reimbursement rate, however, shall not be established for a new hospital based on a cost report for a period less than 12 months. For a new provider with no cost history, excluding new providers resulting from a change in ownership where the

previous provider participated in the program, the interim per diem rate shall be the lesser of:

- a. the county reimbursement ceiling, if applicable; or
- b. the budgeted rate approved by AHCA based on Section III of this plan.

Interim rates shall be cost settled for the interim rate period. Interim per diem rates shall not be approved for new providers resulting from a change in ownership. Medicaid reimbursement is hospital specific and is not provider specific.

- D. The cost report shall be prepared in accordance with generally accepted accounting principles as established by the American Institute of Certified Public Accountants (AICPA) as incorporated by reference in Rule 61H1-20.007, F.A.C., except as modified by the method of reimbursement and cost finding of Title XVIII (Medicare) Principles of Reimbursement described in 42 CFR 413.5 - 413.35 and further interpreted by the Provider Reimbursement Manual CMS PUB. 15-1, as incorporated by reference in Rule 59G-6.010, F.A.C., or as further modified by this plan.
- E. If a provider submits a cost report late, after the 5 month period, and that cost report would have been used to set a lower reimbursement rate for a rate semester had it been submitted within 5 months, then the provider's rate for that rate semester shall be retroactively calculated using the new cost report, and full payments at the recalculated rate shall be affected retroactively. Medicare granted exceptions to these time limits shall be accepted by AHCA.
- F. A hospital which voluntarily or involuntarily ceases to participate in the Florida Medicaid Program or experiences a change of ownership shall file a clearly marked "final" cost report in accordance with Section 2414.2, CMS PUB. 15-1, as

incorporated by reference in Rule 59G-6.010, F.A.C. For the purposes of this plan, filing a final cost report is not required when:

1. the capital stock of a corporation is sold; or
2. partnership interest is sold as long as one of the original general partners continues in the partnership or one of the original limited partners becomes a general partner, or control remains unchanged.

Any change of ownership shall be reported to AHCA within 45 days after such change of ownership.

- G. All Medicaid participating hospitals, are required to maintain the Florida Medicaid Log and financial and statistical records in accordance with 42 CFR 413.24 (a)-(c). In addition, a separate log shall be maintained to account for concurrent and non-concurrent nursery days. For purposes of this plan, statistical records shall include beneficiaries' medical records. These records shall be available upon demand to representatives, employees or contractors of AHCA, the Auditor General of the State of Florida, the General Accounting Office (GAO) or the United States Department of Health and Human Services (HHS). Beneficiaries' medical records shall be released to the above named persons for audit purposes upon proof of a beneficiary's consent to the release of medical records such as the Medicaid Consent Form, AHCA-Med Form 1005.
- H. Records of related organizations as defined by 42 CFR 413.17 shall be available upon demand to representatives, employees or contractors of AHCA, the Auditor General, GAO, or HHS.
- I. AHCA shall retain all uniform cost reports submitted for a period of at least 5 years following the date of submission of such reports and shall maintain those reports pursuant to the record keeping requirements of 45 CFR 205.60 . Access to submitted cost reports shall be in conformity with Chapter 119, Florida Statutes. Upon request for a copy of any cost report, the hospital involved shall be notified

as to the person making the request and what is being requested. Unless prohibited by a court of competent jurisdiction, the cost report shall be released to the requestor within a limited reasonable time from receipt of the request by the Agency for Health Care Administration. Reasonable time is defined as the time allowed to enable the agency to retrieve the record and delete exempt portions of the record.

- J. For cost reports received on or after October 1, 2003, all desk or onsite audits of these cost reports shall be final and shall not be reopened past three years of the date that the audit adjustments are noticed through a revised per diem rate completed by the Agency.

Exception to the above mentioned time limit:

The aforementioned limitation shall not apply when Medicare audit reopenings result in the issuance of revised Medicaid cost report schedules. A cost report may be reopened for inspection, correction, or referral to a law enforcement agency at any time by the Agency or its contractor if program payments appear to have been obtained by fraud, similar fault, or abuse.

II. Audits

A. Background

Medicaid (Title XIX), Maternal and Child Health and Crippled Children's Services (Title V), and Medicare (Title XVIII) requires that inpatient hospital services be reimbursed on a reasonable cost basis. To assure that payment of reasonable cost is being achieved, a comprehensive hospital audit program has been established to reduce the cost of auditing submitted cost reports under the above three programs, and to avoid duplicate auditing effort. The purpose is to

have one audit of a participating hospital that shall serve the needs of all participating programs reimbursing the hospital for services rendered.

B. Common Audit Program

AHCA has entered into written agreements with Medicare intermediaries for participation in a common audit program of Titles V, XVIII and XIX. Under this agreement the intermediaries shall provide AHCA the result of desk and field audits of those participating hospitals located in Florida, Georgia, and Alabama.

C. Other Hospital Audits

For those hospitals not covered by the common audit agreement with Medicare intermediaries, AHCA shall be responsible for performance of desk and field audits.

AHCA shall:

1. Determine the scope and format for on-site audits;
2. Desk audit all cost reports within 6 months after their submission to AHCA;
3. Ensure all audits are performed in accordance with generally accepted auditing standards of the AICPA, as incorporated by reference in Rule 61H1-20.008, F.A.C. (10/94);
4. Ensure that only those expense items that the plan has specified as allowable costs under Section III of this plan have been included by the hospital in the computation of the costs of the various services provided under Rule 59G-4.150, F.A.C;
5. Review to determine that the Florida Medicaid Log is properly maintained and current in those hospitals where its maintenance is required;
6. Issue, upon the conclusion of each full scope audit, a report which shall meet generally accepted auditing standards of the AICPA, as incorporated by reference in Rule 61H1-20.008, F.A.C., (10/94), and shall declare the

auditor's opinion as to whether, in all material respects, the cost submitted by a hospital meets the requirements of this plan.

D. Retention

All audit reports received from Medicare intermediaries or issued by AHCA shall be kept in accordance with 45 CFR 205.60 .

E. Overpayments and Underpayments

1. Overpayments for those years or partial years as determined by desk or field audit using prior approved State plans shall be reimbursable to AHCA as shall overpayments, attributable to unallowable costs only.
2. Overpayments in outpatient hospital services shall not be used to offset underpayments in inpatient hospital services and, conversely, overpayments in inpatient hospital services shall not be used to offset underpayments in outpatient hospital services.
3. The results of audits of outpatient hospital services shall be reported separately from audits of inpatient hospital services.
4. Any overpayment or underpayment that resulted from a rate adjustment due to an error in either reporting or calculation of the rate shall be refunded to AHCA or to the provider as appropriate.
5. Any overpayment or underpayment that resulted from a rate based on a budget shall be refunded to AHCA or to the provider as appropriate.
6. The terms of repayments shall be in accordance with Section 414.41, Florida Statutes.
7. All overpayments shall be reported by AHCA to HHS as required.

F. Appeals

For audits conducted by AHCA, a concurrence letter that states the results of an audit shall be prepared and sent to the provider, showing all adjustments and changes and the authority for such. Providers shall have the right to a hearing in accordance with Section 28-106, F.A.C, and Section 120.57, Florida Statutes, for any or all adjustments made by AHCA. For cost reports received on or after October 1, 2003, all desk or onsite audits of these cost reports shall be final and shall not be reopened past three years of the date that the audit adjustments are noticed through a revised per diem rate completed by the Agency.

Exception to the above mentioned time limit:

The aforementioned limitation shall not apply when Medicare audit reopenings result in the issuance of revised Medicaid cost report schedules. A cost report may be reopened for inspection, correction, or referral to a law enforcement agency at any time by the Agency or its contractor if program payments appear to have been obtained by fraud, similar fault, or abuse.

III. Allowable Costs

Allowable costs shall be determined using generally accepted accounting principles, except as modified by Title XVIII (Medicare) Principles of Reimbursement as described in 42 CFR 413.5 - 413.35(excluding the inpatient routine nursing salary cost differential) and the guidelines in the Provider Reimbursement Manual CMS PUB. 15-1, as incorporated by reference in Rule 59G-6.010, F.A.C., and as further modified by Title XIX of the Social Security Act (the Act), this plan, requirements of licensure and certification, and the duration and scope of benefits provided under the Florida Medicaid Program. - B. For purposes of establishing reimbursement ceilings, each hospital within the state shall be classified as general, teaching, specialized, rural, or as a Community Hospital Education Program (CHEP) hospital. An inpatient variable cost county reimbursement ceiling shall be established for and applied to general hospitals. An inpatient variable cost county reimbursement ceiling shall not be applied to specialized, statutory teaching, rural, CHEP hospitals, or those hospitals included in Section V.
